Job site deliveries from Indoff CT

Please get it at your shop if you can or pick up at truck terminal, we find that job site deliveries usually result in lost goods, damaged goods and hours of hassle.

Points to take into consideration

Dropship - We drop ship all our goods and terms are FOB shipping point. We help by arranging transportation but legally its not ours once it gets put on truck to go to you!

Not our Trucks - We use common carriers and UPS. We have no contact or control over drivers.

Who gets stuff - We find that jobsite delivery very often results in others (not your crew) signing for goods. They usually are trying to do a favor but often they miss discovering damage, misplace it or even steal the goods.

Your Shop— if there is any possibility of having product go to your shop do it so you can receive materials in carefully and reject damaged goods so we can replace them.

Who is responsible! - YOU ARE! Both UPS and Common carriers deliver to an address. They consider it delivered if a crack addict from the street is at the correct address and signs for goods. You then OWN IT!! This then leaves you totally open to theft, damaged goods and loss. Repeat !!!! Legally its yours if it gets delivered to the address you specify!!!!

Redelivery charges! If you are not there trucks charge re-delivery charges that we bill you!

Freight Insurance! - If you must do job sight delivery strongly consider our 10% insurance which covers you from above problems!!!!

Call Jennifer Hemstock x 113 or myself—Al Hutton x111 for more info !!!!
